

Rocking W Cheese

We are nestled in the small town of Olathe, Colorado, and it all started back in 1965 with the family's own herd of dairy cows. Then in 2008 we opened Rocking W Cheese & Milk to offer our fresh milk and artisan cheese to our community. We have since grown throughout Colorado and beyond.

Rocking W Cheese is the only artisanal cheese producer on the Western Slope of Colorado. You can taste the Colorado air within our farmstead fresh milk and artisan crafted cheese.

Webb Dairy has been in the family for seven generations. So we know a thing or two about fresh milk and making premium cheese.

Every variety of our cheese is hand crafted in small batches and any herbs or spices are added at the ideal moment to bring it to its peak perfection!

This process yields an array of assorted and naturally delicious cheese that will make you come back for more!

It's no wonder we have become a beloved staple across the four corners and beyond!

How to find us

We are located at 5644 Hwy 348 Olathe, CO
Go west 2.8 miles on Hwy 348 off of Hwy 50.

We also serve a vanilla soft serve ice cream with eight different flavor twists that you can choose from!
Cones, Cups or Pints

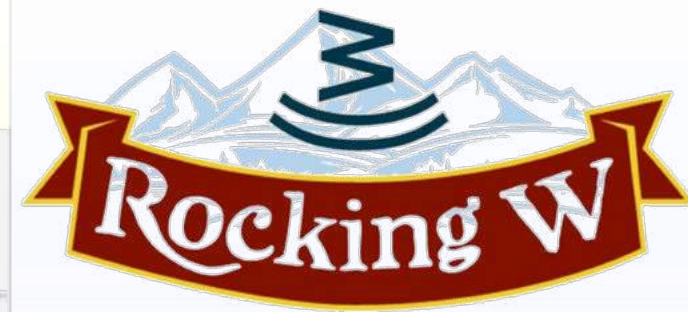

Along with our milk, cheese and ice cream we carry several local vendors to compliment our products and to support our local community on the Western Slope.
